MINISTRY DEVELOPERS NETWORK

.

**Ministry Developers Network (MDN)**
is a non-denominational 501(c)3 mission organization that exists to **Select**, **Send,** and **Serve** people from all walks of life with a God-given ministry vision. We connect the Goer and the Giver, while providing organizational structure, administrative services, and legal compliance for ministries. We understand that God is most glorified when we work with unity for His Glory.

*Support a Goer by Becoming a Giver*

## Become a Ministry Partner

### The Cornerstone Fund

As the name suggests, this is the fund that supports ALL of the varied works of MDN. We keep our overhead costs low by not having buildings, vehicles, and other large capital assets to maintain. The Cornerstone Fund is focused on strategic care, planning, and growth opportunities to all MDN ministries.

### Ministry Specific Funds

We currently serve more than 40 different ministries. Each of these ministries solicit donations for their ministry on behalf of MDN. Funds raised for their support cover the costs of their ministry. For each dollar given to support MDN's ministries, a minimal administrative fee is assessed which enables MDN to provide administrative support and services to each and every ministry.

### Emergency Relief Funds

From time to time our ministries need to respond to some sort of natural or manmade disaster. These funds are collected and 100% of the donation goes directly to the relief project with no administrative fee.

*Your investment of talents, gifts, and finances make it possible for the ministries of MDN to have a greater impact in bringing the lost to a relationship with Jesus Christ. Lives will be changed and people will be helped.*

## How to Become a Partner

### PRAYER PARTNER

An essential component of any ministry is active Prayer Partners. Without continual prayer, their work does not produce lasting fruit.

### FINANCIAL PARTNER

**Online** at *www.mdnconnect.org/donate*

Select a Ministry Fund, and a method to give either by bank draft or credit/debit card.

*Consider signing up for an automatic recurring donation. This is a great way to maximize the impact of your donation on the ministries of MDN.*

## Accountability & Stewardship

*Everything MDN does, every dollar raised is used with the purpose of maximizing the impact of the Gospel.*

MDN relies on your generous, sacrificial and continual financial gifts to cover the costs our missionaries and ministries incur while faithfully proclaiming Christ, making disciples, training Christian leaders and planting churches in multiple countries, and by various means.

MDN has structured its administrative and management functions to be flexible, minimal, and remotely based, so that the funds we receive aren't spent on overhead. One hundred percent (100% ) of your donations either go directly to the programs and ministries of MDN or to the direct provision of services that enable those ministries to be successful.
